1 17 rain gauges
1,761 observed events
2 PCA and k-means
event classification
3 Gaussian copula
$\sim 10^6$ synthetic events
4 MaxDiss selection
625 selected events
5 HEC-HMS + HEC-RAS 1D
303 cross-sections
6 k-NN reconstruction
over the full ensemble
7 Compound Poisson
frequency model
8 Return-period depths
at each cross-section
